

Fort Hunter Liggett Invasive Mussel Inspection

All vessels must be **CLEANED, DRAINED, and DRY**. Vessels that pass inspection will receive a 3-day permit (includes the day the permit is issued). Please have a vessel registration number, serial number, or a California fishing license document number available. Appointments can be made by email (usarmy.hunterliggett.id-readiness.mbx.hunt-and-fish-program@army.mil).

From Jolon Road, turn on to Mission Road. Follow Mission Road all the way to the watering point in front of Bradley Gate (entrance to the cantonment).

Watering Point Coordinates:
36.0013053, -121.2414010
